STREET STORIES

Henry Carpenter and family have moved to Ringling, where Mr. Carpenter is now engaged in the mercantile business.

W. S. Forrest has received news of the birth of a new nephew. The newcomer is the son of Mr. and Mrs. J. M. White of Oklahoma City.

Harry B. Harts received a telegram from relatives at Lincoln, Ill., announcing the death of his uncle B. H. Harts, aged 77 years, who died yesterday.

The continued cold weather has put a crimp in early spring gardening. The first few days of warm sunshine induced some to try it, but they will have their work to do over again.

In the absence of Mayor Mullen from the city, J. M. London is acting mayor and judge of the municipal court, where he dispenses justice to such as are brought before him.

"Sis" Hopkins returned today from Marietta, and says Marietta will be represented here Sunday when the Southern Oklahoma league is formed. He says Harvey Grisham will be manager of the Marietta team. The meeting here Sunday will be held at 2:30 at the Randol hotel.

A. L. Edwards of Dallas is in the city for the purpose of organizing an athletic club. Mr. Edwards comes here well recommended by the sport writers of Dallas and Fort Worth, and has promoted some big boxing tournaments in those cities. Just what plans he has for this city are not known at present.

R. A. Walker of Mulkey was in the city today and gave an order for ten pounds of watermelon seed. Mr. Walker is one of the largest growers of melons in this section and realizes a handsome sum from his fields at a season of the year when other farmers who fail to follow his example, are without ready cash.

The recent reduction in the police department leaves the chief with two day and two night men to patrol the city beats. He states that in his opinion a city of this size should have an adequate police force and from his remarks he does not seem to think the present one able to measure up to the standard.

Bruce Hill, formerly a resident of this city, but who for the past few years has been living at Mannsville, where he was manager of a large hardware and furniture store, makes the statement that he is preparing to move back to Ardmore. Mr. Hill lived here for seventeen years, and never has been quite satisfied since leaving. He has not decided what vocation he will pursue after getting his family located here.

DYNAMITE KILLS HIGHWAY WORKER; INJURES THREE

Canadian, Okla., March 1.—Gene Knapp, who lived near Canadian, was killed outright and Dave Moody, Al Williams and Charles Henson were severely injured when a case of dynamite which they were thawing by a fire exploded, a mile north of Canadian, Tuesday afternoon. The men were working on the Jefferson highway, and were preparing to blast a rocky grade on the banks of the Canadian river. Moody may die. Williams had his clothing completely torn from his body. The explosion shook buildings in Canadian. The town of Canadian is in Pittsburg county.

AT THE THEATRES

Henry W. Savage considers "Everywoman," the dramatic spectacle which he will offer here shortly, the greatest triumph of his career as a producer. The production represents a cash outlay of sixty thousand dollars. The cast is one of the most distinguished that has been assembled in many years. Over one hundred and fifty people are employed in one of the big scenes which represents a carnival on Broadway, New York, at midnight on New Year's Eve.

Theda Bara at Palace Today.

Theda Bara, famed vampire woman of the screen, will be at the Palace today in her latest success, "The Serpent," a tale of Russian peasant life, in which Miss Bara is seen as the daughter of a serf.

"Photoplay acting is both my vocation and my avocation, if I may so express myself," says Miss Bara, star of "The Serpent" and other William Fox successes. "I have no hobby and no fad like some actresses. If it were a physical possibility for me to work twenty-four hours a day before the camera I should be glad to do so."

"I am never so happy as when acting in photoplay, and I never tire of my art, for it is of more vital importance to me than any other thing in life."

"Do you think you will ever tire of your work before the camera?" Miss Bara was asked.

"Never," said she. "I am miserable in those periods of enforced idleness between productions, and I haunt the William Fox studios even when not working in a picture."

"Do you think that photoplay offers the same field of opportunity that it did a time ago?" was a question put to Miss Bara.

"There is always opportunity for those who make it," answered the vampire woman, with a smile. "The average aspirant to photoplay is wholly unfitted for the work she desires to take up. If a girl has the requisite qualities and a capacity for hard work, I should be the last to dissuade her from appearing before the motion picture camera."

FAIRBANKS' NAME TO GO ON BALLOT

Indianapolis, Ind., March 2.—It is practically a certainty that the name of former Vice President Charles W. Fairbanks will go on the ballot in the Indiana primary next week. Disaster Traced to Germans.

Rio de Janeiro, March 1.—A dispatch from Bahia says the police there place the responsibility for the bomb explosion on the Lamport & Holt line steamship Tennyson on two Germans named Neworth and Phediman. They say the men can not be found.

On February 21 the steamer Tennyson put into port at Maranhao badly damaged as the result of a bomb explosion, which caused the death of three of the crew.
